HORSHAM CENTER
LIVEWELL

September 2026

Dear Horsham Center Community,

Horsham Center for Jewish Life is growing, with approximately 100 residents now receiving skilled rehabilitation services. To support this growth, we are investing in our care, programs, and environment.

To expand our rehabilitation program, we will be creating a **new, fully equipped satellite therapy gym** in the rear portion of the Synagogue. Construction is scheduled to begin in **November**.

This carefully planned project will allow us to:

- **Expand therapy access** with a modern, convenient rehab environment.
- **Renovate the Synagogue**, providing the entire space with a beautiful, refreshed facelift.
- **Maintain full capacity** in the Synagogue for High Holidays, special occasions, and community gatherings.

Therapy services and religious programming will **continue without interruption** during construction. The safety, comfort, and well-being of our residents remain our highest priorities, and we will make every effort to minimize disruptions.

Thank you for your continued trust and partnership. Please feel free to reach out to us with any questions.

With warmth and appreciation,

Rose Ferreira, LNHA
Administrator
